TOGETHER AGAINST COVID-19

COVID-19 Precautions for Gatherings and Community Events

Large events and gatherings may contribute to the spread of COVID-19. The risk of COVID-19 spreading at events and gatherings increases as follows:

- !** **Lowest risk:** Only gathering with people who live in your household.
- !!** **More risk:** Smaller outdoor and in-person gatherings in which individuals from different households remain spaced at least 6 feet apart, wear masks, do not share objects, and come from the same local area (e.g., community, town, city, or county).
- !!!** **Higher risk:** Medium-sized in-person gatherings that are adapted to allow individuals to remain spaced at least 6 feet apart and with attendees coming from outside the local area.
- !!!!** **Highest risk:** Large in-person gatherings where it is difficult for individuals to remain spaced at least 6 feet apart and attendees travel from outside the local area.

Do your part to slow the spread

- Avoid gatherings if you have been exposed to COVID-19 or show symptoms.
- Wash your hands, wear a mask, and maintain social distance.
- Create a healthy environment for your event with proper ventilation, sanitizing stations, and create modified layouts that encourage social distancing.
